CHANNEL PARTNER ANNOUNCEMENT

EuControls Introduces New RGBW and Cool/Warm White LED Strip Lighting Systems

July 29, 2015

EuControls Corp. is excited to announce the addition of new complete LED strip lighting systems **EUKT05-RGBWW60** and **EUKT06-CWWW30** to its growing product portfolio. Both easy-to-install kits add versatile accent or task lighting to any home or business.

EUKT05-RGBWW60 includes a professional grade RGB + White LED controller with RF remote control, a 60W UL listed AC/DC 12V power supply, 16'4" of 12V LED strip lighting containing both RGB and Warm White LED modules, assorted connectors, and an installation/operation manual. Using the remote control's color selection touch ring, one can choose from a wide spectrum of colors to be shown on the RGB+W LED strip lighting or switch to only Warm White (approx. 3000 K) with a push of a button. All colors including white are dimmable with eight adjustable levels of brightness. 10 color changing modes are also built in to the controller. Distributor cost is $90.00 per kit.

EUKT06-CWWW30 includes a professional grade Cool + Warm White LED controller with RF remote control, a 100W UL listed AC/DC 12V power supply, two 16'4" foot reels of 12V LED strip lighting each containing Cool White or Warm White LED modules, assorted connectors, and an installation/operation manual. Using the remote control's color temperature selection touch ring, one can choose from a range of white color blends between Cool and Warm White (approx. 3000–7000 K) using both Cool White and Warm White LED strip lighting simultaneously. All shades of white are dimmable with eight adjustable levels of brightness. Distributor cost is $90.00 per kit.

EuControls, a leading manufacturer of solid-state lighting equipment, is dedicated to innovative LED control products needed in today's rapidly evolving lighting industry. With its own Los Angeles warehouse, EuControls can deliver new advanced LED lighting control systems to distributors at great value and speed. We offer flexible lighting control products with exceptional performance and reliability to satisfy your customers' technical requirements. All products are protected by EuControls' industry-leading Three Year Product Warranty.
